Re: Written letter in opposition to agenda Item: 3 (continuous removal of California's Brown Act safeguards)

Dear Current City Council members,

Opposed to the City's continued reckless activities surrounding the abandonment of California's Brown Act safeguards. Actions to reduce/eliminate Public figures from potential corruption and other radical political indulgences of influence that continue to potentially infect the fabric of City government by not having City elected and appointed officials approachable (In-person) to the Public.

It appears to be an avenue that City Council will gladly impeditment while attempting to collect revenue through our federal government under the umbrella of California's "State of Emergency" that is openly supported to continue for sources of revenue to be awarded drectly to State agencies.

Please see the attached letter dated February 15, 2022 that has more insight into how the City of La Quinta City Council have used it's authority to support certain actions that limit Public participation (un-monitored meeting attendance) and have allowed for the potential of corruption among City officials.

Sincerely,

Brad Anderson | Rancho Mirage, CA. | [REDACTED]
