

Appendix F. Preparer Qualifications

F1. Professional Qualifications / Resumes

Wendy L. Tinsley Becker, RPH, AICP, Principal
Architectural Historian + Urban / Preservation Planner
wendy@urbanapreservation.com

Founding Principal, **Wendy L. Tinsley Becker, RPH, AICP**, brings an expert background in American history, architecture, and urban planning, with a particular emphasis on issues relating to historic preservation. Her experience includes extensive historical resources survey work, design review under *The Secretary of the Interior's Standards for the Treatment of Historic Properties*, single-site historic property research and documentation, and practice in municipal regulatory planning and cultural resources compliance issues including code compliance, revision and review, CEQA, NEPA, and Section 106 of the National Historic Preservation Act. As a preservation-planning consultant she participates in the development and administration of local land use regulations, policies, programs and projects; prepares reports involving research and analysis of various planning issues; conducts site-specific project and design review; and facilitates project coordination between contractors, architects, developers, citizens and other stakeholders. Wendy meets the *Secretary of the Interior's Historic Preservation Professional Qualifications Standards* in the disciplines of History and Architectural History and the *draft standards* established for Historic Preservation and Land Use/Community Planning. She is included on the California Council for the Promotion of History's Register of Professional Historians and also maintains professional certification in the American Institute of Certified Planners (AICP).

Wendy is a co-author and editor of the AICP Certified Urban Designer Exam Study Guide (V1.0) released in March 2016. From 2013 forward she has provided professional training to AICP exam applicants as part of the American Planning Association California Chapter – San Diego Section annual exam training program.

Wendy has assisted municipalities, utility providers, and lead agencies in preservation planning program development and implementation efforts. She regularly consults for private and agency applicants on historical resource and historic property analysis for discretionary projects and undertakings pursuant to Section 106 of the National Historic Preservation Act and the California Environmental Quality Act, as well as Federal Rehabilitation Tax Credit proposals at National Register listed or eligible properties, which are subject to review by the State Office of Historic Preservation and the National Park Service. She was the author / facilitator and lead historic preservation consultant for the City of Chula Vista's award-winning Municipal Preservation Planning Program. She authored the Historic Preservation Element for the City of La Mesa's award winning 2011 / 2030 General Plan update process. She provides survey, architectural history, context development, programmatic agreement, and historic preservation planning consulting services for the Southern California Edison Company including preparation of a programmatic guide for the treatment of all historic-era properties in the company's 55,000 square mile service territory. She served as the lead Architectural Historian for the City and County of Honolulu High Capacity Transit Corridor Project's Kako'o (Section 106 Programmatic Agreement Program manager) consultant team. Wendy's professional analysis and determinations are reviewed for compliance and concurrence by numerous municipalities, and state and federal agencies including the California State Office of Historic Preservation, the California Public Utilities Commission, the USDA Forest Service, the Bureau of Land Management, and the National Park Service.

Her current interests include facilitating approvals for brick and mortar construction and building rehabilitation projects, and working with community-based organizations that emphasize public participation while striving for the improvement of the built environment through good urban and architectural design and associated social programs.

SELECT AWARDS

2016 - Award of Excellence for Preservation Advancement - City of San Diego Historical Resources Board (recognized for Urbana's preservation planning study for the San Diego State Normal School Campus & San Diego City Schools Historic District). — 2014 - American Planning Association (APA) San Diego Chapter – Planning Agency Award for preparation of La Mesa 2030 General Plan. *Historic Preservation Element prepared by WLTB / Urbana.

Scott Solliday, MA
Senior Associate Historian / Preservation Planner
scott@urbanapreservation.com

Scott Solliday holds a Master of Arts in United States History / Public History from Arizona State University, and a Bachelor of Arts in History from Arizona State University. Scott meets *The Secretary of the Interior's Historic Preservation Professional Qualifications Standards in the disciplines of History, Historic Preservation, and Architectural History*. He has been a professional historian for more than 30 years, completing an array of projects in community history, historic preservation and cultural resource management. Scott has solid foundational experience in all aspects of historic preservation: research, field documentation, assessment, mitigation, and the appropriate application of the criteria of the National Register of Historic Places. His portfolio of work spans a broad range of studies supporting environmental planning, city planning, and private development, with a proven track record of working effectively to meet the requirements of clients, the State Historic Preservation Office, and the National Park Service. Areas of specialization include history of Arizona and Maricopa County, Mexican Americans, Native Americans, agriculture and irrigation engineering, and post-World War II America.

Mr. Solliday started his career teaching Arizona history and anthropology in college and community-based programs, including the Mesa Southwest Museum (now Arizona Museum of Natural History), Mesa Arts Center, and Western International University. He was a museum curator for 13 years, and was responsible for research, collections management, exhibits and public programs. Since 2000 Scott has worked in historic preservation and cultural resource management. Professional experience includes historic property surveys and inventories, National Register of Historic Places nominations and eligibility assessments, HABS / HAER documentation, historic context studies and historic preservation planning documents, assessing project effects on historic properties and ensuring compliance with historic preservation regulations and stipulations, and Section 106 consultation with state and federal agencies, municipalities, and tribes. Scott has worked with private, municipal, state, and federal agencies within the relevant regulatory frameworks including projects requiring clearance under the National Environmental Policy Act and Section 106 of the National Historic Preservation Act. He is well versed in coordination with the State Historic Preservation Office, programmatic agreements and memoranda of understanding, archaeological field survey and construction monitoring. He has extensive recent experience completing Historic Property Surveys and Eligibility Assessments for the Arizona Department of Transportation. During his tenure as adjunct faculty at Chandler Gilbert Community College, he taught courses in U.S. History, Arizona History, and the History of the Southwest.

PROJECT EXPERIENCE

In Progress	Apache Trail/Old US Route 60 Historic Assessment Survey Report, Mesa, AZ.
In-Progress	USACE Santa Fe Dam Evaluation; Los Angeles County, CA.
In-Progress	Glen Canyon Post-1955 Housing Survey and MPDF; Page, AZ.

Alexandrea Baker, MCP
Urban / Preservation Planner + GIS Technician
alex@urbanapreservation.com

Urban / Preservation Planner + GIS Technician, **Alexandrea Baker**, Alexandria holds a Bachelor of Arts in Geography, with a minor in Community and Regional Planning, from the University of Nebraska and a Master of City Planning from San Diego State University. The capstone project for her graduate degree was a partnership with Metropolitan Transit System evaluating the shared bus / bike lane on El Cajon Boulevard, a historic auto corridor envisioned for revitalization and increased density. Alex brings previous municipal experience having worked for the City of Richmond, California, where she completed research for a safe parking program, helped process project approvals, processed CEQA documents, and supported public outreach. Alex additionally worked for Alta Planning + Design where she coordinated public outreach, scheduled site visits, and completed mapping for proposed planning projects. She is a recognized GIS and cultural landscape specialist on the Urbana team. At Urbana she surveys historic-era built environment sites, conducts property specific and contextual research, identifies cultural landscapes consistent with National Register Bulletin No. 36, and prepares GIS maps for all Urbana projects. Having completed graduate school, and with her roots in the Midwestern states of Wisconsin and Illinois, Alex recently relocated from California to her hometown of St. Charles and is working to expand Urbana's presence in the region.

John Hyche, MAA
Associate Historian / Preservation Planner
john@urbanapreservation.com

John Hyche holds a Bachelor of Arts in History, with a minor in Anthropology, from the University of California at Santa Cruz, and a Master of Applied Anthropology and a Certification in Historic Preservation from the University of Maryland, College Park. He meets The Secretary of the Interior's Historic Preservation Professional Qualifications Standards in the discipline of History, Historic Preservation, and Historical Archaeology. John brings practical and applied knowledge of historical and archeological research principles, methods, and processes to conduct systematic inquiries into cultural resources. He is a former National Park Service (NPS) Certified Local Government (CLG) Assistant in the State, Tribal, Local, Plans & Grants Division, an NPS Cultural Resource Technician, and a Project Reviewer with the D.C. Historic Preservation Office (DCHPO).

John's experience includes participation and supervision of Section 106 survey projects, completion of technical reports, evaluation and review of CLG nominations, and processing competitive grant applications from towns, municipalities, universities, and individual applicants nationwide. As a Cultural Resource Technician, he evaluated the results of preservation maintenance and repair work at historic properties, and coordinated with researchers, subject matter experts, and resource managers from other areas of the NPS to encourage and facilitate cooperative regional resources management strategies. John has authored National Register Determination of Eligibility forms and National Register nominations, as well as proposed mitigation at rehabilitation measures for projects in compliance with the National Historic Preservation Act (NHPA) and the National Environmental Policy Act (NEPA). He has completed research in support of Class III Cultural Resource Inventory reports and aided in the development of treatment plans. His technical competence and regulatory compliance expertise is matched by his practical skills in data management, including proficiencies in Microsoft Office applications, Adobe Creative Suite, ArcGIS, AutoCAD, HTML, and the Esri GIS Trimble.

Alexia Landa is a Veteran of the United States Navy having served from 2007-2012, including deployments in the Middle East. For the USN, she served as an Aircrew Survival Equipmentman. In this capacity she inspected aircraft and aircrew life-support equipment for evidence of abuse, damage, or malfunction. She holds a Bachelor of Arts (double major) in History and Anthropology from San Diego State University. Prior to joining Urbana, Alexia served as an Archaeological Specialist for the California Department of Parks and Recreation Southern Service Center where she performed archaeological monitoring and site assessment activities for a variety of project types including State Park facility improvements, historic building maintenance, and municipal water and sewer system repair and replacement. She meets *The Secretary of the Interior's Historic Preservation Professional Qualifications Standards* in the discipline of History. At Urbana Alexia leads field survey and monitoring activities, conducts contextual and site-specific research, prepares historic context statements, and authors technical reports and site records. Ms. Landa's passion for history is demonstrated through her volunteer work with the Museum of Man, the San Diego Museum of Natural History, and as a member of the Board of Directors for the San Diego County Archaeological Society.

Douglas E. Kupel, Ph.D., RPA
Senior Historian / Archaeologist
doug@urbanapreservation.com

Senior Historian and Archaeologist, **Douglas Kupel**, holds a Ph.D. in History from Arizona State University, a graduate certificate in Archaeology from the University of South Carolina, master's degrees from the University of Arizona and Northern Arizona University, and a Bachelor of Arts in History from the University of Oregon. Doug is a cultural resources expert with a diverse background in sustainable water resources, environmental planning, and historic preservation. He meets *The Secretary of the Interior's Historic Preservation Professional Qualifications Standards* in the disciplines of History, Architectural History, and Historical Archaeology. He brings extensive experience in preparing National Register Nominations and completing cultural resource surveys and inventories for properties in California, Nevada, and Arizona. He maintains exceptional leadership and project management skills having served as the Deputy Water Services Director and Environmental Program Manager for the City of Glendale, Arizona. In these positions Doug supervised several divisions and managed nine divisional budgets. He additionally worked for the City of Phoenix as a Water Advisor and Natural Resources Historian.

Doug began his career working as an archaeological and historic sites consultant in California and Arizona, and later served as a Historian for the Arizona State Historic Preservation Officer (SHPO), and the Cities of Phoenix and Glendale, Arizona. As the former National Register of Historic Places (NRHP) Coordinator for the Arizona SHPO, Doug processed many large and complex historic district nominations early in his career. He has continued his association with the NRHP program by serving on Arizona's Historic Sites Review Committee. Doug has authored 37 NRHP nominations including the Multiple Property Format NRHP Nomination for the Period of Conflict Between Native Americans and the U.S. Military in Arizona, 1846-1886, and the NRHP Nomination of the Fort Tuthill Historic District, Flagstaff, Arizona. Dr. Kupel is a court-recognized expert on water rights and has conducted substantive research and analysis on statewide water management and policy. For the City of Phoenix Law Department, he organized and directed research for litigation and water resources planning in the Arizona General Stream adjudication. He has served as expert witness for Native American and municipal water history topics. Dr. Kupel has worked on a number of significant Native American water rights settlements during his career at Phoenix and Glendale. These include the White Mountain Apache Tribe (WMAT) Water Rights Settlement, Verde River Yavapai – Apache Settlement, Gila River Indian Community Water Rights Settlement, Fort McDowell Indian Community Water Rights Settlement, and the Salt River Pima-Maricopa Indian Community Water Rights Settlement.

He has more than 30 years of experience in water civil engineering projects, including authoring historical narratives, manuscripts, and eligibility evaluations for the Bureau of Reclamation Salt River Project, and the Central Arizona Project. His experience provides understanding not only to historic properties and cultural resources, but also to larger management concerns and the federal regulatory process. His management of large publicly owned utilities speaks directly to his ability to supervise and organize large-scale projects in a complex regulatory environment. Dr. Kupel led a research and planning group as Deputy Director of a water utility and has wide experience with a variety of water resources, planning, safety, and emergency management programs. Dr. Kupel has served as a liaison on water planning and policy issues between municipal utilities and a wide range of local, state, and Federal agencies. His knowledge of imported water contracts, water supply planning efforts, and financial and economic analysis related to natural resources highlights his ability to integrate cultural resources planning within larger planning efforts.
